[DOCKET NO. 2015-55-E](#) - Application of Duke Energy Carolinas, LLC to Establish a Distributed Energy Resource Program - Staff Presents for Commission Consideration Duke Energy Progress, LLC and Duke Energy Carolinas, LLC's Request to Amend Shared Solar Riders.

**COMMISSION ACTION:**

The Companies are seeking approval from the Commission to amend the Riders so they more closely align with the intent of the Shared Solar Program and further encourage low-income customer participation. In part, the request states that the amendments would expand the protections approved in Order No. 2019-43 for low-income participants by ensuring that in any given month those low-income participants will not owe any additional payment as a result of their participation in the Program. According to the Companies, an effective date of December 1, 2019, would ensure that low-income participants receive this protection to include this season's winter months of December 2019 through March 2020.

The Office of Regulatory Staff does not object to the request, and the South Carolina Coastal Conservation League and Southern Alliance for Clean Energy support the request to further encourage participation by low-income customers.

Move that we approve the request to amend the shared solar riders, effective from December 2019.
